'Devise policies to promote women's employment'

FE BUREAU New Delhi, January 29

New Delhi, January 29

THE ECONOMIC SURVEY
2020-21 presented in Parliament on Friday stressed the need to createenabling infrastructure and promote non-discriminatory practices at the workplace to incentivise more women to join the workforce.

Comprising just about a fourth of the country's total estimated 51.82 crore labour force, women lag far behind their male counterparts."In order to incentivise more women to join the labour force, investment in institutional support to affordable and quality child care facilities, paid paternalleave, family-friendly, worst fordstock.

illy-friendly work environ-ment, and support for elderly care needs to be made," the survey said.

There is also a need to pro-mote non-discriminatory practices at the workplace like pay and career progression, improve work incen-tives, including other medical and social security benefits for famale workpar; it said.

and social security benefits for female workers, it said.

The size of the country's labour force in 2018-19 was estimated at about 51.82 crore, of which about 48.8 crore were employed and the remaining three crore were unemployed. Of the employed, 11.17, crore were women. Of the total work-force, 12.45 crore, were force, 12.45 crore were

The survey said that in terms of contribution to the economy, while women of productive age group spent 337 minutes on unpaid ac-tivity in a day, it was only 41 minutes for men. Similarly, men spent 305 minutes on paid activities, while it was

Survey flags **T&D** losses

INDIA'STRANSMISSION and distribution (T&D) losses in the power sector are "substantial" and are very high compared to peernations, flagged the EconomicSurveyfor 2020-21.T&D losses 2020-21.T&D losses represent electricity that is generated but does not reach intended customers.India's T&D losses have been over 20% of generation, which is more than twice the world average. The ideal level of T&D losses ranges between 6% and 8%. between 6% and 8%. According to the Central Electricity Authority's latest report of October 2020, T&D losses had declined to 20.66% in 2018-19 from 21.04% in 2017-18 and 21.42% in 2016-17.

the Centre wants to give a boost to sugar exports. The export incentive, likely to be announced after March, may come in the form of a higher subsidy or in another form.

Cane crushing is generally over after March, and the sugar output becomes clear by then. The government had set a target of 6 MT for exports last year, but the mills could export only 4.2 MT to 60 countries. This year, the government wants to keep 60 countries. This year, the government wants to keep the same target, but much would depend on the final sugaroutput, the ISMA mem-ber said.
