

AIR POLLUTION Give ₹100/quintal to farmers not burning stubble: SC to Punjab, Hry & UP

PRESS TRUST OF INDIA
New Delhi, November 6

LASHING OUT at the authorities for failing to curb severe air pollution in the Delhi-NCR region, the Supreme Court on Wednesday said it is a question of life and death of crores of people here but it is "very unfortunate" that they are not bothered about poor people and letting them die.

"Can you permit people to die like this due to pollution? Can you permit the country to go back by 100 years?" observed a bench headed by Justice Arun Mishra while directing the governments of Punjab, Haryana and Uttar Pradesh to provide support of ₹100 per quintal within seven days to small and marginal farmers who have not burned the stubble — a major source of air pollution.

"We have to make government responsible for this," the bench said and asked, "Why can't government machinery stop stubble burning?"

Coming down heavily on the state governments, the top court said that if they don't bother about people, they have no right to be in power.

"You (states) have forgotten the concept of welfare government. They are not bothered about poor people, this is very unfortunate," said the bench, also comprising Justice Deepak Gupta.

"You just want to sit in your ivory towers and rule. You are not bothered and are letting the people die," the bench said.

It also questioned as to why the state governments cannot collect and purchase stubble from farmers.

"We expect more from democratic government of the country to deal with issue of stubble burning and curb pollution," the bench said, adding that "it is a question of life and death

of crores of people. We have to make government responsible for this.

The bench also directed the Centre, the three states and Delhi to prepare a comprehensive scheme within three months to take care of environmental issues.

Observing that "agriculture is the backbone of the country's economy and it is bounden duty of the state to look after the interest of farmers", the bench said it is absolutely necessary that the farmers are provided necessary machines to prevent stubble burning. "It is a shocking state of affairs that there are unpaved routes and pits in the national capital of the country," the bench observed during the hearing.

The apex court on Monday had termed the situation as shocking summoned chief secretaries of Delhi, Punjab, Haryana and Uttar Pradesh.

Delhi breathes easier, more relief likely
Pollution levels in the Capital dropped further on Wednesday as the impact of stubble burning on Delhi's air quality reduced significantly due to a change in wind direction. The trend is likely to continue over the next three to four days, a meteorological department official said.

At 8.45 pm, the city's overall air quality index (AQI) read 217, which falls in the "poor" category. At many places, pollution levels dropped to "moderate" category.

BSNL rolls out VRS, expects 70,000-80,000 staff to avail it

PRESS TRUST OF INDIA
New Delhi, November 6

WITHIN DAYS OF government approving a relief package for the ailing corporation, state-owned BSNL has rolled out a voluntary retirement scheme for its employees, and said it expects 70,000-80,000 personnel to opt for it leading to savings of about ₹7,000 crore in wage bill.

BSNL chairman and managing director P K Purwar told PTI that the scheme would be open between November 4 and December 3, and that instructions have already been given to field units to inform employees about the VRS offering.

In all, nearly one lakh BSNL employees are eligible for the VRS of its total staff strength of 1.50 lakh.

"This is the best VRS given by the government and BSNL employees should see it in a positive frame of mind," Purwar said.

He said the corporation expects 70,000-80,000 employees to opt for the scheme, and added that saving in wage bill is expected to be about ₹7,000 crore with those numbers.

According to BSNL Volun-

The scheme will be open between November 4 and December 3

tary Retirement Scheme, 2019, all regular and permanent employees of BSNL including those on deputation to other organisation or posted outside BSNL on deputation basis, who attended the age of 50 years or above are eligible to seek voluntary retirement under the scheme.

The amount of ex-gratia for any eligible employee will be equal to 35-day salary for each completed year of service and 25-day salary for every year of service left until superannuation.

Mahanagar Telephone Nigam Ltd (MTNL), too, has rolled out VRS for its employees. The scheme, based on Gujarat Model of VRS, will be open for employees till December 3, 2019.

In a notice issued by MTNL to employees recently, it mentioned that "all regular and permanent employees of 50 years and above as on January 31, 2020" are eligible to opt for the scheme.

The government last

month had approved a plum ₹69,000-crore revival package for BSNL and MTNL that includes merging the two loss-making firms, monetising their assets and giving VRS to employees so that the combined entity turns profitable in two years.

The Union Cabinet has approved the plan to combine MTNL — which provides services in Mumbai and New Delhi — with Bharat Sanchar Nigam Ltd (BSNL) that serves the rest of the nation.

The rescue package approved includes infusion of ₹20,140 crore for the purchase of 4G spectrum, ₹3,674 crore for the goods and services tax (GST) to be paid on spectrum allocation, companies raising ₹15,000 crore in debt on the sovereign guarantee and government funding ₹17,160 crore for VRS and another ₹12,768 crore towards retirement liability.

The proceeds of the sovereign bonds issue will be to restructure debt and meet other expenses. The bond will have to be serviced by the PSUs only. The two firms will also monetise assets worth ₹37,500 crore in the next three years.

and have kept a check on their debt level.

Also, they can be reassured of the fact that once a project is started, it would not be stalled.

NHAI notified the appointed date only when majority of the land, 80% for HAM projects, is procured.

"Thus, once a project is under construction, there is limited risk of delays due to non-availability of land and thereby minimal impact on credit profile of the EPC companies. That said, there is a risk that any further delay in declaring appointed dates could result in termination of some of the awarded projects," Crisil said.

Revenue growth from EPC highway projects to be halved this year: Crisil

FE BUREAU
New Delhi, November 6

REVENUE GROWTH FOR highway developers in the engineering, procurement and construction (EPC) segment could get halved in both 2019-20 and 2020-21 fiscals to around 15% against 30% logged in FY19. "The decline would be largely due to slower awarding of projects and delayed receipt of appointed date — which is the zero date or kick-off date for start of a project — from the National Highway Authority of India (NHAI)," rating agency Crisil said in a report.

NHAI awarded around

7,400 km in FY18. It fell to about 2,200 km in FY19.

"In the current fiscal and the next, awarding is expected to be around 4,000 km a year. The delay in declaring appointed dates for the projects awarded, on the other hand, is primarily due to issues in land acquisition," said Sachin Gupta, senior director, Crisil. Analysing 119 projects awarded under HAM, he said almost 30% have not received appointed dates more than a year after these were awarded. But the slowdown in revenue growth is unlikely to impact the credit profiles of the EPC players primarily because they have a healthy order book

Tharoor-headed panel to take up WhatsApp snooping case on Nov 20

PRESS TRUST OF INDIA
New Delhi, November 6

Shashi Tharoor

A PARLIAMENTARY STANDING committee headed by Congress leader Shashi Tharoor will take up the WhatsApp snooping case in its next meeting on November 20, sources said on Wednesday.

Tharoor, who heads the parliamentary standing committee on information technology, said in a letter to his panel members that alleged use of the technology for snooping on Indian citizens was a matter of "grave concern" and it would be discussed at the committee's next meeting on November 20.

Facebook-owned WhatsApp on October 31 said Indian journalists and human rights activists were among those globally spied upon by unnamed entities using an Israeli spyware Pegasus.

In the letter, sources said, Tharoor urged the committee members that as a democratic republic, "we must ensure adequate safeguards to prevent any misuse of the executive's powers in an unauthorised manner or for extraneous purposes."

Underlining that the Supreme Court of India has clearly recognised the fundamental right to privacy, Tharoor said there is need to

Illegal bungalows on Alibaug coast: HC summons collector

THE BOMBAY HIGH Court on Wednesday pulled up the Maharashtra government for "turning a blind eye" to illegal constructions carried out by "powerful and eminent" people in the coastal Alibaug district.

A division bench of Justices SC Dharmadhikari and RI Chagla asked the Alibaug collector to remain present on November 11 with all the records pertaining to the issue.

The bench was hearing a petition filed by activist Surendra Dhavale, seeking a direction to the authorities to demolish unauthorized constructions "within low and high tide areas" in coastal areas of Alibaug.

Many such structures have sprung up in Alibaug, a popular getaway near Mumbai, in violation of the Maharashtra Coastal Zone Management Authority rules, it said.

The high court had last year ordered the collector to carry out inspection and demolish illegal bungalows and other structures.

The collector issued demolition orders for several bungalows, including one owned by fugitive diamond merchant Nirav Modi. Modi's bungalow was demolished in February this year.

Govt mulls setting up regulator to settle e-comm disputes

GOVERNMENT IS EXAMINING the feasibility of setting up a regulatory authority to settle disputes related to e-commerce, a top government official said, amid a raging battle between big online retailers and mom-and-pop stores.

The proposal being considered comes after small traders approached the government with allegations of predatory pricing and deep discounting by Amazon and Flipkart. They allege that the US giants are pricing them out of the market.

Prime Minister Narendra Modi's administration is under pressure from small traders, a traditional support base for the ruling Bharatiya Janata Party, to act against the big online retailers.
